From the President
By Kamala Martinez

Fellow Neighbors,

Thank you for attending or providing a proxy for the Annual River Run Homeowners Association (RRHOA) Meeting on March 5th. During this meeting, we elected a new board member Rob Gelb and re-elected Tony Smith, Curt Vondrasek and Jim Dorociak. The new board elected the following officers for 2013: President - Kamala Martinez; Vice President - Jim Dorociak; Treasurer - Tony Smith; and Secretary - Rob Gelb. Tammara Williams, Peter Scavetta and Curt Vondrasek are the other Directors.

In 2013, the board will focus on three major tasks: 1) reviewing and updating our Bi-Laws and Rules & Regulations; 2) launching the new River Run Website, combining both the River Run Club and the River Run Homeowners Association board’s information; and 3) implementing a new “standing” ten-year Revocable Proxy.

This new standing ten-year proxy will allow us to more easily achieve a quorum for the Annual Meeting. Every year we need to scramble to ensure at least 25% of Homeowners either attend or sign a proxy. You will receive this new proxy in the mail from Rowell Management, with a postage paid return envelope. Please consider signing and returning the new proxy which will help the board achieve this quorum goal.

Lastly, we will be working hard to ensure the entrances and berms are ready for the Spring Season.

Before I sign off… I would like to thank Rex Burr for his leadership, dedication and service as our RRHOA President the past two years. We will miss his colorful stories and family adventures in our newsletters. I will try and live up to his high standards of writing, but it will be difficult.

Until Next Time,
Kamala Martinez

Always in search of the next best breakfast spot, I decided to visit the recently-opened Juicy-O Pancake House® in Naperville to see for myself what all the buzz was about. Of course I had been given several off-the-cuff reviews of their famous donuts, but I wanted to delve headlong into the meat of their breakfast/brunch fare, to fashion some perspective of my own. I was pleasantly surprised with the overall experience, and, not so surprisingly, it began with those exquisite donuts.

The wait time was decidedly brief, even for the notoriously busy time slot almost always reserved for late Sunday mornings and early afternoons. The dining area was bustling with activity and light-hearted chatter from a mix of couples, families and large parties of eight or more. Our server arrived quickly to our table, and, after exchanging routine pleasantries, enthusiastically initiated the ordering process.

The aforementioned donuts were whisked to our table, readily engaging us in the impeding breakfast experience. Made by their affectionately-named “Wake up Machine,” Juicy-O’s has perfected the donut in all its simplistic glory. I was thoroughly mesmerized by the delicately moist texture and sweet, rich taste that was tantalizingly addictive. It gives a whole new meaning to the adage, “you can’t stop at one.” Once I had recovered from my sugar-induced euphoria, I was ready to order from the expansive menu, that featured everything from omelettes to scramblers to pancakes and crepes to unique combinations that invite you to sample the best from all corners of the menu.

For pancake lovers, there is plenty of cooked batter to go around. Pancakes are ginormous and ripe for sharing. Being a self-appointed connoisseur of corned beef hash, I was eager to try their iteration of course. Juicy-O’s green pepper and onion-infused hash blend has a fairly unique presentation and flavoring, which should delight most fans of the dish.

The Little Ones in your party will enjoy the French toast sticks, fresh fruit and tangy smoothies. Adults will be charmed by the coffee bar that greets you at the front counter.

Like its industry counterparts, Juicy-O Pancake House® closes at 3:00 p.m. each day, but you’ll find solace in its early afternoon menu as well, from the juicy burgers to its huge wraps and fanciful array of fresh salads.

As you indulge in the cornucopia of dishes throughout the menu, you will also find yourself inextricably drawn to the eclectic assortment of aphorisms, neatly framed and sprinkled about the walls of the dining room’s interior. No doubt you will subconsciously search for that perfect motto to take with you from among the dozens and dozens of clever sayings at every turn. Perhaps the simplest, most powerful message will resonate from the picture-perfect smile on your face. And you know what they say about a picture…

The Naperville Area Humane Society would like to invite children grades 3-5 to participate in our “Breaking the Chain” Story Contest. This creative writing project allows children to finish the story using their imagination to assist Duke, a lonely and scared chained dog. While imagining solutions they are also learning the valuable lessons of empathy, kindness and compassion. These lessons are extremely important in today’s world of bullying and school violence.

This contest has been endorsed locally by the Mayor of Naperville, George Pradel and the Naperville Animal Control Department. The national non-profit organization, Dogs Deserve Better, which is dedicated to advocating on behalf of chained and penned dogs, has also fully endorsed our contest. Each grade level winner of this contest will receive a time with the staff at the Naperville Area Humane Society. They will receive a NAHS T-shirt, get a “behind the scenes” tour, have lunch and enjoy fun with the shelter animals. The winning entries will also be posted on our website and a press release will go out to our local newspapers.

To read the story, visit www.napervilleareahumanesociety.org. Contest entries can be sent to:
Naperville Area Humane Society • Attn: Terri Hancock • 1620 W. Diehl Road • Naperville, IL 60563

Be sure to include your name, address, school name and grade along with your phone number. Drawing a picture to accompany your story counts as extra credit! Entries will be accepted until April 30, 2013. The winner will be announced during Be Kind to Animals Week, which is the week of May 5-11, 2013.

The Naperville Area Humane Society is committed to providing local children with education programs. We hope you will join us in fostering these invaluable lessons to make our community a better place.

Hi, I’m Sparky!

I’m a sweet 5 year old dog who’s a little overwhelmed by all the activity at the shelter. Everyone is very nice to me, but I’m eager to settle in to my new home. I was adopted from here as a puppy and brought back after 6 years because my owner no longer had time for my needs. I’m a smart girl—I know “sit,” “stay,” “down,” “shake” and “roll over.” Impressive, right? No cats for me in my new home, but I can live with children and possibly with other dogs (I can be a little picky about my dog friends). I love to snuggle under blankets. Do you want to snuggle with me?

Join us, have fun, make friends!
Spring is here and we are all anxious to get outside and start working in the gardens. As you pack up the kids to head to the garden center, there are a few basics that might come in handy as you think about what you want in your yard.

What is that plant?

What is the difference between annuals, perennials, shrubs and trees? When you hear these terms tossed about, sometimes it can be confusing.

**Annuals:** These plants grow only one year and will not survive our winters. They can produce lots of flowers and can require regular fertilizing, depending on the type.

**Perennials:** These plants come back each year, but may die back to the ground over the winter. Usually, perennials have a shorter season of bloom. When you’re picking out plants try to plant a variety of perennials that bloom at different times to give you a rich display throughout the season.

**Shrubs:** These are plants with a woody stem that come back year after year and are generally not cut down to the ground. Some shrubs stay small and some can grow to the size of small trees. Usually, shrubs have several stems at the base. They also have a single season of blossom.

**Trees:** These are single or multi-stemmed woody plants that are quite large and live a long time. Trees can grow anywhere from about ten feet high to more than seventy! Trees can have flowers and some have fruit.

Mother Nature doesn’t always play by the rules, so there are some exceptions to the above. Butterfly bush, for example, has woody stems, but we generally cut it to the ground every year as those stems aren’t winter hardy. It will sprout new stems from the base, so it’s considered a perennial.

How much sun do I have?

This is important to know as you look at plant tags or labels. They’ll tell you what kind of light the plant prefers, but how do you know what you have? Try to spend some time observing the sun patterns in your yard.

**Full sun:** This means six hours or more of sun anytime during the day, usually found on the south and west sides of buildings unless shaded by structures or trees.

**Part shade:** Lightly filtered sun or three to five hours of morning and/or late afternoon sun, usually found on the east side of buildings and under the light shade of trees.

**Full shade:** Less than three hours of sun anytime during the day, usually found on the north side of homes, between buildings or under trees with heavy shade.

When I plant?

Each plant has its own requirements, so read the tag and ask garden center staff for advice. April is a great time to plant trees, shrubs, most perennials as well as cool season annuals and vegetables while soil is nice and moist. Plus, you have many months for roots to get established. Some annuals and vegetables, especially tomatoes, prefer warm soil to grow, so wait until mid-May to plant them. You can plant all summer long, as long as you water carefully. Fall planting can also be ideal as warm soil and cool air are perfect for root growth.

What about my soil?

Before you get the shovel out, check the moisture of your soil. Squeeze a handful of soil. If it clumps into a solid mass it is too wet. If it crumbles, it’s ready to be worked. When you dig in wet soil, it can compact so that the air and water spaces are squeezed out. This means roots struggle to grow. If you have heavy clay soil, you may want to mix in compost to loosen the soil and add micronutrients.

Where can I go for more information?

The Morton Arboretum, Chicago Botanic Garden and University of Illinois Extension all have help desks and excellent resources on their websites. Also, ask your local garden center, like The Growing Place. They have seasoned, knowledgeable staff, plus classes every Saturday, many of them free.

Spring has sprung and it is a great time to check out the River Run Clubhouse and take advantage of all the upcoming activities and events we have planned for you and your family this spring and summer.

We are pleased to announce the locker rooms renovation has been completed!

Have you ever thought about renting a locker at the River Run Club? Now is your chance to rent a new locker in your newly renovated locker room. Half lockers are $20 and full $30 per year. Wouldn’t it be nice to have items available for your use at the club without going home first like workout equipment, pool accessories, etc.? You can choose your locker at this time, but they will be going fast, so do not hesitate to stop by the club or contact Chris Burg 630-904-1494 to secure your locker.

We are pleased Chris Warner will be returning as our Director of Tennis for the 2013 tennis season. Thank you to all the members who attended the “Meet the Pro Night”. There is still time to get involved with tennis. Chris has put together a great tennis program filled with a lot of fun on the courts and events for all. Information and registration are included in this issue.

On June 1st the Wine and Beer Festival is back by popular demand. This is an event filled with fun for the whole family. There is a full page flier included in this issue. Be sure to check out the events page for all upcoming events for 2013.

Volleyball is returning to the River Run Club. All information to get involved is included in this issue as well.

Hope to see you at the club soon!

The River Run Raptors Swim Team

Submitted by Franz Weyandt • President, River Run Raptors

Swim season is almost upon us. The River Run Raptors Swim Team is a not-for-profit organization and a member of the Naperville Park District Swim Conference. The team was established in 1995 with a membership base that continues to grow every year. With the help of dedicated parents, the River Run Raptors Swim Team is a self-funded and private organization designed for the children of the River Run Community.

The Raptors focus on Team Building, promoting Self Esteem and Sportsmanship. Our program is open to any Club members whose children are ages 5-18. All we ask is that they can swim unassisted across the pool. We will take it from there! Our program runs from late May until late July.

We have outdoor practices Monday through Friday starting at the end of the school year, which is a great way for the children to get daily exercise. In addition, we have an early morning adult lane for parents who want to keep in shape! We participate in the Naperville Swim Conference and host 4 home meets (including babysitting for the youngest siblings) and 4 away meets within other Naperville subdivisions in June and July. During the season, we have some fun social events like our pep Rally and a themed Saturday night party. We complete the season with Naperville City Championships and wrap it up at the end of July with a banquet at the Bolingbrook Country Club where the children are the main focus.

For the 2013 season, our team fees will be similar to last year, and we do also ask the each family donate their time to make the program a success.

We also have a co-ed Water Polo Team. We are looking for elementary and junior high children to participate on our COED team. You do not need to be a Raptor swimmer to be on the Water Polo Team as long as you are a club member. There is an additional fee for water polo, but there is a discount for Raptor swimmers. We encourage children to do both! Most all of our swimmers also participate in other summer sports and clubs as conflicts can be easily managed in our low stress program.

You can check out our website at www.rrraptors.org for additional information, or email questions to me personally at fweyandt@rrraptors.org

Take advantage of one of the greatest assets of membership in the River Run Club!

GO Raptors!
Since the outdoor tennis season is just around the corner. I have included some spring/summer information and key dates!

Included in this month’s newsletter is the Spring schedule and a registration form for those interested in April and/or May tennis! Please refer to the Spring Schedule for days/times and class pricing.

No Volleyball = No Fun
Coed and Family Volleyball = More Fun

Coed Adult and Family Volleyball (High School Age 14+) Leagues are coming back to the River Run Club this Summer. Don’t you love the grit of sand between your teeth?

Start organizing teams now.

Sign Ups begin April 14 from 1-4 p.m. at the Club for 2 Leagues - Coed Adult League and Family League. League organizers will be on hand to answer questions. Look for more information in upcoming River Run Reporters. The new River Run Sand Volleyball League will be a good time to spend with Family and Friends. Come one, come all to the 2013 Sand Volleyball Leagues, starting Sunday June 2 at the River Run Club.

WE’LL MAKE YOU SMILE

KEITH A. BROWN, DDS

For the last 30 years Dr. Keith Brown, DDS, has cared for the healthy smiles of families like yours with nurturing dental care and utmost professionalism. Raised in Naperville, Dr. Brown is available 24/7 for your Emergency Care. Call us today to schedule your Free Smile Enhancement, Dental Implant or Invisalign Consultation.

Cosmetic Dental Treatments
Your path to whiter straighter teeth can take many directions. Whether it’s whitening, perfectly matched crowns and veneers, or creating a healthy even gum line with painless laser, Dr. Brown will take you through each step of the treatment process.

Invisalign Teeth Aligners
It’s never too late to get the perfectly straight teeth you’ve always dreamt of with custom-made Invisalign clear teeth aligners. These aligners are a smooth, comfortable plastic insert that are removable and won’t irritate your cheeks and gums like traditional metal braces often do. And they’re practically invisible!

Dental Implants
Dr. Brown employs the latest Simulation Implant technology ($imPlant) to create a virtual placement of a dental implant; removing the guesswork, simplifying the surgery, speeding recovery and making for precision placement of the new tooth.

• FREE Whitening
Receive 10 teeth whitening trays valued at $130 for new patients scheduling an exam, X-rays and cleaning. Schedule your new patient visit today at 630.357.9358.

We also offer FREE Laughing Gas (Nitrous Oxide) for Your Comfort
Have you put off doing your kitchen long enough? Is this the year you have vowed to do something with your cabinets? Have the horror stories of kitchen remodeling made you afraid to even think about it? With prices approaching and surpassing $100,000 for full kitchen remodeling, it is no wonder the Average Joe and Jane feel a little overwhelmed.

Enter Kitchen TuneUp. This nationally based, locally owned franchised company in Downers Grove, owned and operated by Marty Ceranec offers “Kitchen Solutions for any Budget.” “I think some people get sticker shock when they look at the price of redoing their kitchen, says Ceranec, but there are many, many ways to update the kitchen without breaking the bank. Sometimes people are overwhelmed by all of the options. We work with clients every day who have the same anxieties.”

For seventeen years, Marty has been redoing kitchens and saving homeowners thousands of dollars by coming up with creative solutions for their kitchens. He must know what he’s talking about. Since joining Kitchen TuneUp (KTU) based in Aberdeen, SD in 1994, he has won 6 monthly Customer Service Awards, Rookie of the year award in 1994. Franchise of the year award in 2000 and Customer Service Award of the year in 2008.

“We are successful because we stick with the basics such as returning phone calls, showing up on time, and completing the work as promised. This doesn’t sound difficult, but is often lacking in the contracting business,” says Marty. That, plus the ability to offer many different options and price points powers his business. “We are not trying to sell our clients more than it takes to accomplish their goals according to their budgetary needs. We like to think of ourselves as the experts in minor kitchen remodeling.”

KTU can provide anything from the Signature Kitchen TuneUp which restores your existing cabinetry, to a full blown design and remodel. “Most of our work last year was in the refacing and door replacement category,” he added. “I have a great stain guy who can stain new doors to the color of existing cabinets. An instant new look!” They also offer upgrades such as glass doors, tip out trays, rollout trays, as well as counters in laminate, solid surface, granite and quartz (Cambria).

When questioned about any regrets, Ceranec replies, “We often get calls to update the kitchen when the owner is ready. We always wonder why they didn’t do it earlier so they could have enjoyed it sooner.”
